Heavy teasing*By Eden*This is feisty stuff, delivered with panache and imagination - like we've come to expect - but more potent and focussed and, on occasions, to this reader at least, realistic. The short story format suits the content, and the content is every bit as tantalising as anything she's done. And, regularly, more so.*1 of 1 people found the following review helpful. Miss Schweitzer, if you're naughty.*By selfstarter*Short, fun, sexy, breathtaking... this is a breeze to read clocking in at 10-15 pages per story. NOTE: perhaps not the best to read on the subway (i learned)... it can get you a little hot under the collar. Worth every penny!*1 of 1 people found the following review helpful. Vixenology*By Triston*After reading this, you might want to re-enroll in school, change your major and motives. These are the new sextracurricular activities that anyone slightly naughty will appreciate. No doubt about it...this will pop your quiz!*

*What happens when a college freshman goes from virgin to vixen? When a delay at the airport turns delicious as a lady in uniform takes over? When a late night shower leads to the satisfaction of an old school crush? When people stop playing nice and start getting naughty? Because when desire takes over...when seduction is the only way in or out...when lovers, ex-lovers, and wanna-be lovers are all fair game...the only way to be is naughty. So go ahead -- plunge yourself into this hotbed of pass ...*
